

CONFIDENTIAL

28 July 1949

MEMORANDUM TO: DCOS

SUBJECT: OPC Training Staff

REFERENCE: (a) DCOS Memorandum dated 25 July on subject

1. This will acknowledge and thank you for Reference (a), which reflects what I feel is commendable progress in recruitment of our OPC Training Staff. I note, however, in the summary sheet that you have not charged military personnel against Training Staff positions. This is not in accord with our basic understanding regarding the utilization of military personnel in OPC staff positions. We have agreed that all personnel assigned to OPC from other governmental agencies for other than temporary duty shall be charged against our official T/O.

2. I notice that the summary sheet, showing the status of the Training Staff as of 22 July 1949, shows a total of eight (8) military personnel hired but not credited against T/O slots. If this number is deducted from the number of jobs open (20), it would appear we have only twelve (12) positions to fill in our established T/O.

3. I do not want these comments to in any way retard your recruitment drive for our covert staff, the exact strength of which has not yet been determined, unless we accept [REDACTED] budget figures which, I hope, have met with the concurrence of [REDACTED] and yourself.
